

ASHINGTON FOLK CLUB

June 2005

🎵 What a Scorcher!

More! More performers, more songs, more audience, and shouts for more of our Spotlight performer George Rosenthal...

Next Spotlight
21 July
Peter Murphy

The club goes from strength to strength. But with such popularity comes a problem... Should we try and give everyone a spot, or should we have less performers and give them more time each?

Survey number 3 coming soon...

🎵 Allan Taylor: 2006

Allan Taylor has kindly agreed to be our first special guest. So put 9th February in your diary for an evening with the country's foremost singer/songwriter. **Ticket details coming soon!**

All Change No Change

The Folk Bar refurbishment plans have been put back until at least mid-2006.

So, we intend continuing with the established pattern of:

- **1st Thursday in the Folk Bar**
– Singers, Musicians & Poets
- **3rd Thursday in the Bothal Suite**
– Spotlight Night with some floor spots
